3.1 The name of the insured in the aforementioned insurance policies will be extended to include the **Tel Aviv-Yafo Municipality** and its employees in respect of their liability for an act or omission of the insured, as if the **Tel Aviv-Yafo Municipality's** insurances had been drawn up separately. Notwithstanding the above, this will not impose any

obligation on the **Tel Aviv-Yafo Municipality** with respect to the payment of the premium pursuant to the terms of the insurance policies.

- 3.4 Null and void – any exception pertaining to cranes, elevators, gear for lifting, loading and unloading vehicles (exclusive of the liability pursuant to the law governing compensation to traffic accident casualties), fire, explosions, vapors, floods, panic, poisoning or foreign objects in food or beverages, sudden pollution, contractors, subcontractors and their employees, work performed by legally employed minors, animals, bicycles and property belonging to the **Tel Aviv-Yafo Municipality**.

- 3.6 The above-cited coverages are subject to the terms of the original insurance policies that are specified above, and in the case of any discrepancy or contradiction, the contents of this certificate shall prevail.
